

## FOCUS ON RURAL COMMUNITIES

We have implemented projects for orphanages and schools at seven small villages located from near the Sudan border in the north to near Rwanda in the South.

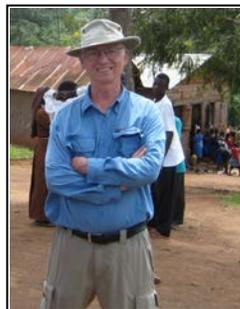

## Small Group Interaction

## EDUCATION: Schools and Orphanages

## JOIN US THIS SUMMER IMPLEMENTING PROJECTS AT ORPHANAGES IN UGANDA

You are invited to join us for three weeks traveling with the team, or to help us prepare projects for the trip. Departure will be sometime around May 10; to be decided in January.

The nonprofit 501(c)3 SeeMe has collaborated with other international organizations on eight trips to Uganda, Africa. Team members not only greatly improve the quality of life and education for hundreds of orphans, but they also gain unique personal enrichment experiences. You don't need any particular skills in order to be effective, just a willingness to participate in projects shoulder-to-shoulder with the children and local community adults.

Food, local transportation, lodging, and project supplies will cost each individual about \$1,400 for the three week trip. International travel is extra. Options include a safari and rafting on the Class 5 rapids at the head of the Nile River at extra cost.

For additional information contact: William Grenney
